

11/11/2019

plastic parts with flexible material, ions. Our capabilities cover tooling, machining, assembly, and quality le components and complex parts samples, or specifications.

A collection of various custom-machined plastic parts in red, white, and black, arranged on a white background. The parts include a large black structural frame, a red square bracket with a central hole, a white gear, a blue cross-shaped part, a black circular flange, a white ring with multiple holes, a black rectangular frame, a white ring, a black cylindrical part, a white gear, a black key, and several other smaller components. The parts are scattered across the frame, with some overlapping.

Customized to Your Part Requirements

All products shown in this catalog are custom-made to order, not stocked items. We manufacture each part based on your drawings, 3D files, samples, materials, dimensions, and other specific requirements.

Plastic Gear

Materials: ABS, POM, PA, PC

Colors: Black, white, grey, transparent

Applications: Electronics, industrial equipment, consumer products

Plastic Roller

Materials: POM, PA, UHMW-PE, PP

Colors: Black, white, natural, gray, blue

Applications: Electronics, consumer products, industrial equipment & devices

Plastic Pulley

Materials: POM, PA, UHMW-PE, PP, PEEK

Colors: Black, white, blue, yellow, red

Applications: Conveyors, Lifting Systems, Guide Systems, Material Handling & Machinery

Plastic Enclosures

Materials: ABS, PC, PP, PVC, PA, PMMA

Colors: Blue, green, red, yellow, transparent, translucent

Applications: Electronics, Electrical Equipment, Control Panels, Sensors & Industrial Devices

Plastic Bushing

Materials: POM, PA, PTFE, UHMW-PE, PEEK, PPS

Colors: White, black, gray, green, brown, yellow

Application: Shafts, Bearings, Automotive Systems, Machinery & Equipment

Plastic Cap

Materials: PP, PE, PVC, ABS, PA, POM

Colors: Black, white, blue, red, green, yellow, orange, brown

Application: Protection, Sealing, Tubes, Pipes, Fasteners & Equipment

Plastic Washer

Materials: Nylon (PA), POM, PTFE, PP, PE, PEEK, PC

Colors: Black, white, natural, gray, blue

Application: Fastening, electrical insulation, spacers & machinery

Plastic Bracket

Materials: ABS, PA, PC, POM, PP

Colors: Black, white, gray, natural, beige

Applications: Automotive, electronics, industrial Equipment, machinery

More Custom Parts Are Available
