Customized to Your Part Requirements

All products shown in this catalog are custom-made to order, not stocked items. We manufacture each part based on your drawings, 3D files, samples, materials, dimensions, and other specific requirements.

PU Mount

Hardness: Shore 40A–85A

Colors: Yellow, orange, black, blue, red, green

Applications: Vibration isolation, shock absorption, equipment mounting & machinery

PU Bushing

Hardness: Shore 60A–85D

Colors: Red, black, yellow, green, orange

Applications: Wear resistance, vibration damping, shaft support & industrial machinery

PU Roller

Hardness: Shore 60A–85D

Colors: Yellow, orange, red, blue, green, beige

Applications: Conveyors, material handling, printing & industrial machinery

PU Pulley

Hardness: Shore 70A–85D

Colors: Blue, black, red, yellow, green, orange

Applications: Conveyor systems, belt drives, cable guidance & material handling

PU Ball

Hardness: Shore 20A–90A

Colors: Red, blue, green, yellow, black, transparent

Applications: Impact absorption, cushioning, positioning & industrial equipment

PU Bumper

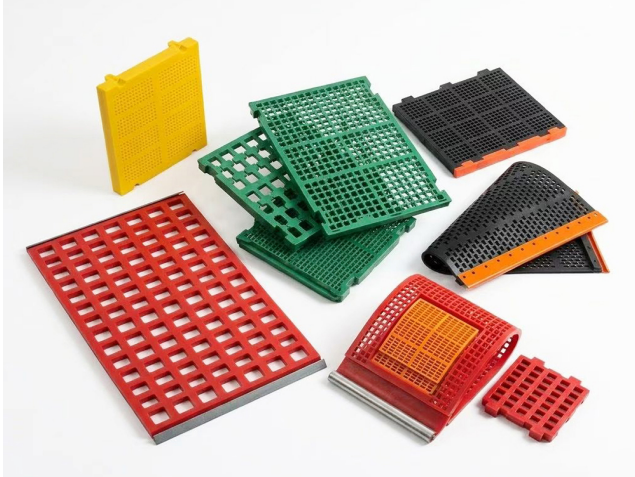

Hardness: Shore 40A–90A

Colors: Yellow, red, blue, black, grey, white

Applications: Impact protection, shock absorption, mechanical stops & industrial equipment

PU Screen

Hardness: Shore 20A–90A

Colors: Yellow, red, black, green, blue, orange

Applications: Material screening, mining, aggregate processing & industrial separation

More Custom Parts Are Available
